

Stan Adell is recognized as a computer graphics pioneer and innovator in the Kansas City area. He also provides a unique service helping businesses and families deal with the rapidly growing crisis of Identity Theft.

Stan began his communications career in 1980 at **Bendix/King Radio Corporation** as *Art Department Supervisor* and established a successful corporate art department which is widely regarded as a computer graphics success story. In 1986, Stan created **On-Line Design**, a successful design studio and service bureau which was eventually acquired by **DST Output**, a subsidiary of *DST Systems*.

Stan's technical knowledge and extensive experience have enabled him to conduct training sessions and seminars for many computer user groups and companies. Industry honors include articles published in various computer publications and the selection of a design project for inclusion with a major software vendor.

Stan has used his unique organizational, technical and artistic skills to design and manage extensive on-line and technical communications. He currently manages the DST Output Internet and Intranet sites. He has also taught Computer Graphics and Web Design courses at MidAmerica Nazarene University.

Stan is an *Executive Director* with **Pre-Paid Legal Services, Inc.** and strategic partners. He provides business consultation services and markets the IdentityTheft Shield and comprehensive legal plans for families and businesses. He also helps companies offer these innovative plans as a group benefit to their employees.

Stan is a **Certified Identity Theft Risk Management Specialist (CITRMS)** and offers a special program called the **Affirmative Defense Response System (ADRS)** that helps businesses reduce their risk from civil and criminal liabilities of Identity Theft security breaches. He conducts Identity Theft Awareness Seminars for various organizations and educates businesses on actions needed to protect the non-public information of their clients and employees.

The **Olathe Chamber of Commerce** and **Adell Associates** have formed a partnership to provide businesses with strategies to address Federal laws concerning Identity Theft and provide an exciting new benefit to their employees.
